++ excellent / + good / o satisfactory / - not satisfactory

**ENVIRONMENT**

The filler must not be used for filling places which are in direct contact with food and drinking water.

**APPLICATION**

Surface must be without rust and old coatings. It is necessary to degrease the surface carefully. It is applicated separately in 2 – 3 layers. Each layer must be leaved to draught about 5 – 10 minutes.

FILLING SYSTEM –10 % of acryl thinner

**Working viscosity:** 4/20°C, circa 60s

**Nozzle of spray gun:** Ø 1,5 - 1.8mm

**Air pressure:** 0,3 - 0,4 MPa

**Spread:** 1 liter of filler covers about 5,5 m<sup>2</sup> in thickness of layer 100 µm.

**HARDENING**

The filler is hardened with hardener PolyKar TVRDIDLO 1:5 MEDIUM in volume ratio:

- 5 parts of filler : 1 part of hardener

The mixtute must be homogenized perfectly and filtered.

**POT LIFE**

The filler is necessary to be used within 60 minutes after mixing with hardener at temperature 21°C and hardening ratio 5:1.

**SANDING**

The filler is sand-able after 3 hours at temperature 21°C, after 30 – 40 minutes at temperature 60°C. Dry sanding is done with sanding paper P320 – P500 by mechanical sanding and with sanding paper P280 – P320 by hand sanding. Wet sanding is done with sanding paper P600 – P1000 by mechanical sanding and with sanding paper P600 – P800 by hand sanding.

**UPPER COATINGS**

It is possible to use all common paint systems on the filler. The filler resists common baking temperatures 80 – 110°C. If it is necessary to use the putty on anticorrosive primer and bake the enamel after that, then we recommend use the baking primer, or more precisely two-component epoxy primer. We don't recommend using of air-drying synthetic coatings and baking after that.

**TOOLS CLEANING**

Dirty parts of tools can be cleaned with acrylic thinner. Only non-hardened filler can be cleaned.

**STORAGE AND PACKAGING**

It is necessary to ensure the temperature from +5°C to + 25°C and avoid direct solar radiation during storage and transport. Store in dry and cold place. We guarantee shelf life and quality of the product for 12 months.

Packaging:

- filler 1 l + 0,2 l hardener – a can

- filler 5 l + 1 l hardener – a can

**COLOUR**

Beige, white, black
